

INGENIOUS EXTREME

Players: 1-4

Size: 29.5 x 29.5 x 7cm

Ages: 8+

Category: Pattern Building, Tile Placement

Play Time: 25 Minutes

Product N°: 96117

RRP: £30

EAN: 700461925477

Ingenious Extreme, for a more challenging game of Ingenious! Featuring the same game play as the original but with the domino-style tiles consisting of two conjoined octagons instead of hexagons. *Ingenious Extreme* features eight different colours for the tiles, in place of the original six, giving players more possibilities to juggle with as they try to score well across the board while shutting out their opponents. Like the original, players take turns placing colored domino-style tiles on a game board, scoring for each line of colored symbols that they enlarge. The trick, however, is that a player's score is equal to their *worst-scoring* color, not their best, so they need to score for all colors instead of specializing in only one or two!

Release: 2017
