Gloomy crypts lie under the city of Paris. The catacombs swallow light, secrets, and - apparently - also people. After the mysterious disappearance of a friend in the catacombs, you and your team embark on a search into the catacombs. Making your way through the puzzling underground labyrinth in search of answers, what will you uncover in the depths? Will you be able to find your friend in time and escape this cavernous world of darkness?

This double-sized EXiT game is presented in two separate parts. Each part will be roughly the length of one usual EXiT game (1-2hrs per part).

Difficulty Level: 3.5 of 5
